Jason Pozner is a Partner at the BBC Law LLP New Jersey & New York Office's. Jason's practice is in commercial litigation with a focus on insurance coverage. He has extensive experience in resolving disputes, litigating matters and advising clients with respect to a wide variety of claims and policies, including comprehensive general liability, professional liability, directors and officers, errors and omissions, pollution liability, product recall, employment practices liability, additional insured coverage, umbrella/excess coverage and surety bond matters. Jason also represents professionals, such as architects and engineers, in professional liability claims and product manufacturers in product liability claims. Jason not only represents clients involved in litigation, but also advises insurers with respect to coverage issues and disputes through coverage opinions, arbitration and mediation. He also provides opinions on the potential impact of proposed policy language and manuscript provisions.

Jason has specific experience in handling both high profile and high value claims. He led a team of experienced coverage attorneys in handling a claim, submitted shortly before trial commenced, in multi-billion dollar slander litigation involving a Fortune 100 company. Jason's team successfully analyzed the evidence produced in discovery, and subsequently at trial, and guided the client to a successful resolution of the claim. Jason also directed successful efforts in connection with an insurance coverage claim for damages from a high profile sexual molestation case.

Jason routinely handles trial and appellate matters in both New Jersey and New York state and federal courts. He has represented clients in appeals before the Appellate Divisions of New Jersey and New York, the New Jersey Supreme Court, the New York Court of Appeals and the Court of Appeals for the Second Circuit. He also represents clients in disputes across the country, and abroad, in both litigated and non-litigated matters.

Jason was selected as a SuperLawyer Rising Star for Insurance Coverage from 2013 through 2019. Jason received his undergraduate degree in international affairs from The George Washington University in 2002 and his law degree from Seton Hall University School of Law in 2006, cum laude. He is admitted to the state courts of New Jersey and New York and the federal District Courts for the District of New Jersey and the Southern and Eastern Districts of New York.
